ENTERING THE WORLD OF RED BULL

In true Red Bull style for our 20th season competing in Formula 1, we aim to bring you an elevated Paddock Club experience in our new suite to celebrate two decades of attitude and energy at track. This season we welcome you to the new Red Bull Energy Lounge and give you the chance to immerse yourself into the World of Red Bull both on and off the track.

Our brand-new Paddock Club venue will allow you to discover a suite adorned with a collection of Red Bull treasures, showcasing our iconic exploits in Formula 1 and beyond. Archive content from across the Red Bull ecosystem, from the waves of Kai Lenny surfboards to the realms of the galaxy with our Stormtrooper Pit Crew helmet, will be on display to celebrate the achievements of our unique sporting subculture.

Situated in its own dedicated area within the lounge, our Red Bull Records record player, complete with a vast collection of vinyl records from Red Bull artists gives you the opportunity to take a minute away from the on-track action and plug into the sound of Red Bull.

Get up close to the Drivers and our Team Principal as they join you to give you the inside line in the Red Bull Energy Lounge with live appearances throughout the weekend. Formula 1 isn't just about what happens on the track, when the engines are powered down, we rev the entertainment into high gear, as we bring the noise in authentic Red Bull style.

Experiences vary circuit to circuit.

BRING THE NOISE

Experience a luxurious Paddock Club weekend in our Red Bull Energy Lounge where you can indulge in world-class dining, curated from the finest locally sourced ingredients all weekend long. The bar is always open so you can keep the energy levels topped up with an ice cold can of Red Bull. Our in-house DJs are on hand with regular sets throughout the weekend to elevate your celebrations.

Our largest ever LED video wall brings you every on-track moment in high-definition clarity. Delve deeper into the inner workings of the Oracle Red Bull Racing garage with Live Pit Links, where you will learn more about the race weekend including session debriefs, car set up and the mentality of our Race Team.

Want to be part of the Pit Wall? Unlock access to race day data and behind the scenes content via our Race Station, coupled with radio channel access as our strategists and engineers navigate their way through the weekend.

During breaks in on-track activities, seize your chance to take control and experience the thrill of driving the RB20 around your selected circuit with our Fanatec simulator experience.

As a guest of the Team, enjoy exclusive access to the Pit Lane at selected times, where you can get up close and personal with Formula 1 machinery and feel the energy from the pounding beat of the garage as our mechanics work to prepare our cars battle on-track.

Suite position varies at different locations. Paddock Club is usually positioned above the team garages, along the start/finish straight
